Sesame Street/USO Experience for Military Families COMING TO FT. IRWIN

Coming to Ft. Irwin August 18 & 19, so mark your calendars and plan on attend-ing, time and location of the shows are TBD. Logging more than 45,500 miles, the "Sesame Street/ USO Experience for Military Families" has toured around the world for more than two consecutive years and brought smiles to more than 135,000 service members and military families.

Made possible as a result of an ongoing partnership between the USO and Sesame Workshop, the nonprofit organization that revolutionized children's television programming with Sesame Street, the tour has spanned nine countries and visited 84 military bases.

Designed to address the concerns of today's military families as they deal with the hardships of deployments, the show uses familiar faces to address tough issues, such as multiple deployments and lengthy separations from loved ones. With help from Elmo, Grover, Cookie Monster, Rosita and Zoe, the tour serves as an extension of traditional USO entertainment tours and a continuation of Sesame Workshop's award-winning Talk, Listen, Connect initiative - which provides vital re-sources and emotional support to military families with young children coping with challenging transitions in their lives.

Military families in attendance experience a 25-minute character performance and receive giveaways and outreach ma-terials. To date, the tour is the longest-running entertain-ment tour in USO history and the first-ever traveling USO tour de-signed specifically for military families.
