

TARANTULA CREED

I am a Tarantula Observer Controller,
The standard bearer of our Army.

I train the BLUFOR for war.

I am coach, mentor, teacher, and trainer;

The technical and tactical expert in the desert.

I will never forget what it feels like to be the player.

They are the ones in the arena.

No one is more professional than I.

I am a member of the hardest working team in the desert.

I measure my success by how well my rotational unit improves.

I am the best of the best.

I am a Tarantula!
